RECENT ACHIEVEMENTS

- Having joined as a consultant, I currently hold the post of Chief Software Architect for the development team of an international HR Services Provider based out of Chennai, India, working on a multi-tenant enabled HRIS Portal.
- Have been a key Subject Matter Expert (SME) as part of Microsoft's *Platform & Developer Evangelism* (DPE) Team, providing:
 - Architectural Design Guidance,
 - POC Development,
 - Hand-holding and Development Support, and
 - Trainingfor Windows Azure, Microsoft .NET 4.0, and Silverlight 4.0 developer groups to various Global ISVs and Solution Partners, on behalf of Microsoft, addressing Senior Developers, Software Architects & Business Managers, alike
- Since 2008, I have been a regular speaker at some of the major events like MSDN, DevDays, FirstLooks, Community TechDays, DevCon, and Innovation Days to name a few. I have also spoken at the CIOL Spark IT 2011.
- In the last 4 years, I have:
 - Migrated 21 applications to Windows Azure (two on .NET 2.0, one on 1.1, and remaining on .NET 4+);
 - Provided Architectural Guidance and Design Assessments to 5 projects on Silverlight; and
 - Provided Architectural Guidance to 7 projects upgrading them from SOA to SAAS and S+S models, using WCF, WF, LINQ, .NET 4.0 and 2 of which also work with Azure Mobile Services and Azure AppFabric Services
 - Except for 6 projects where I have done the complete migration/development, in all the remaining projects I have played the role of a Solution Architect-cum-Lead Developer Consultant to existing in-house developer teams. My role being, to provide design related guidance and recommendations to the development process and enhancements in terms of Team Development, Performance Enhancements and Implementing and Enhancing Security Guidelines & Practices.
